B.Tech — Artificial Intelligence & Data Science
Dwarkadas J. Sanghvi College of Engineering, Mumbai
JEE Main

2025-2029
Sem 1 & Sem 2 Combined CGPA: 9.00
97.93 Percentile

TECHNICAL SKILLS

Programming	C, C++, Java, Python, JavaScript
Web	HTML5, CSS3, React basics, responsive layouts
AI / Data	Machine Learning fundamentals, AI tools, prompt engineering
Tools	Git, GitHub, VS Code, IntelliJ, Canva, Figma
Design	UI/UX fundamentals, visual design, presentation design

PROJECTS

Goal-Based Progress Tracker

Productivity web app that tracks daily goals and maintains a history of completed tasks. Provides a detailed dashboard with completion trends, streaks, consistency metrics and progress summaries to help users understand their performance and stay accountable.

AI Voice Therapist — Conversational Support Prototype

AI voice-based conversational assistant designed for supportive one-to-one interactions. Combines speech input/output, conversation context and emotion-aware response patterns to provide personalized responses and guidance. Built around therapist-informed conversational principles and structured mental-wellness knowledge, with the prototype intended as a support tool rather than a replacement for professional care.

Hommie's — E-Commerce Website

Full frontend e-commerce website for a skincare brand, built with HTML, CSS and JavaScript. Includes product listings, product detail pages, category browsing, shopping cart functionality, quantity controls and local-storage based cart/form handling. Focused on creating a clean, modern and nature-inspired user experience with responsive layouts and reusable product data.

Pinterest-Style Web Application

Social-image discovery web application inspired by visual bookmarking platforms. Focused on responsive UI, image-based content cards, navigation and component-based frontend development, with an architecture designed for future backend and database integration.

COURSEWORK & TRAINING

UI/UX Design — IBM (Pursuing) | Linux Fundamentals (Pursuing) | Machine Learning fundamentals | Data Structures & Algorithms | DBMS

INTERESTS & HOBBIES

AI & Product Development | UI/UX & Creativity | Startups | Cooking | Singing

ACHIEVEMENTS

JEE Main: 97.93 Percentile | Case-study competition participant
